Dear Neighbor,

YOU DESERVE BETTER

I had the privilege of running as a candidate in the 21st Senatorial District of Tennessee in 2022. Nearly 22, 000 constituents were deprived of independent representation in the state senate. On the campaign trail, I met a lot of voters who voiced the opinion, "voting is a waste of time" the three main reasons cited were: 1. The quality of candidates is limited to two political blocs 2. They did not like the single candidate on the ballot and 3. Despite casting their vote...they have no real representation in government. However, Our **VOTE** is **SACRED** and is our expression of civic duty.

In the interest of unifying constituents, regardless of their political affiliations or leanings, the TENNESSEE COALITION OF INDEPENDENT VOTERS (T.C.O.I.V.) Political Action Committee was registered with the Tennessee Registry of Election Finance (TREF) in 2024. This platform allows us to ensure four things:

- Voters have the knowledge of issues to hold candidates/incumbents **ACCOUNTABLE** – to "all the people" of District 21.
- A process is in place for **RESPONSIBLE** leadership in the upper chamber of state government.
- Constituents get legislative **PRODUCTIVITY** out of each legislative session.
- You have an **ALTERNATIVE** option to vote for in an election.

Yours in Service,

Ruben Dockery
